## Priorities in the 3rd Tempus IV Call for proposals

### Structural Measures - higher education and society segment

<b>Serbia</b>	<b>Western Balkans</b>
<ul style="list-style-type: none"><li>▪ Training of non-university teachers</li><li>▪ Development of partnerships with enterprises</li><li>▪ Knowledge triangle education/research/innovation</li><li>▪ Training courses for public services (Min./ local auth.)</li> <li>▪ Qualifications frameworks</li></ul>	<ul style="list-style-type: none"><li>▪ Development of partnerships with enterprises</li><li>▪ Knowledge triangle education/research/innovation</li><li>▪ Training courses for public services (Min./ local auth.)</li><li>▪ Development of lifelong learning at large</li></ul>

## Priorities in the 3rd Tempus IV Call for proposals

### **Note:**

*Projects can address a national priority which is common to all participating PCs, or a priority identified as a common regional one.*

*i.e. Proposals for multi-country projects which do not have as a theme either a Tempus regional priority, or a common national priority of all the partner countries involved, are ineligible.*

## Priorities in the 3rd Tempus IV Call for proposals

*Among the proposals which pass the evaluation, priority will be given to:*

- **Structural Measures** projects
- **Multi-country projects** targeting more than one partner country and addressing the regional priorities of all the partner countries involved
- Projects actively **involving** students, women, enterprises, social partners, research institutions, Ministries of Education, NGOs and other non-academic organisations where relevant

## Priorities in the 3rd Tempus IV Call for proposals: applications that...

- involve a representative number of higher education institutions
- have good capacity and reputation of the involved higher education institutions/networks
- demonstrate a strong institutional and individual capacity building process benefiting partner country/ies institution
- show a balanced allocation of responsibilities among all partners including a substantial role to the partners in the partner country/ies
- indicate sustainability after the end of Tempus funding

## Priorities in the 3rd Tempus IV Call for proposals

### NTO Serbia observations about the previous Call application with RS participation:

- Need for better involvements of relevant authorities/ministries, social partners, stakeholders, companies, enterprises
- Better involvement of students/ student representative bodies
- More insistence on cost-effectiveness and wider impact
- Taking care about capacity/level of institutions for addressing certain topics of the projects

***Governance reform projects and Structural Measures require combining traditional Tempus bottom-up with stronger top down approach***

KAKO KONKURISATI?

## Korisni saveti

Prilikom pripreme prijave za Tempus projekata treba imati u vidu sledeće:

**1. Podnosilac prijave (Grant applicant)** za Tempus projekat najčešće je institucija visokog obrazovanja bilo iz EU bilo iz partnerske zemalja. Pod institucijom visokog obrazovanja podrazumevamo sledeće:

Sve ustanove akreditovane od strane nadležnih zvaničnih vlasti jedne zemlje koji pružaju visoko obrazovanje ili strukovno visoko obrazovanje i čije se diplome kvalifikuju kao takve bez obzira da li se radi o ustanovi koja se naziva "univerzitet", "visoka škola", "koledž" ili "institut".

Podnosilac prijave za Tempus projekat može biti i asocijacija, organizacija ili mreža institucija visokog obrazovanja koja je posvećena promovisanju, unapređenju i reformi visokog obrazovanja kao i saradnji unutar Evrope ili između Evrope i drugih delova sveta. Ako takva asocijacija, organizacija ili mreža pokriva takođe i ostale sektore obrazovanja i obuke, onda fokus njene aktivnosti mora biti visoko obrazovanje. Ovakva asocijacija se računa kao jedno pravno telo/partnerska institucija, što znači da će se tretirati kao partner iz zemlje u kojoj je smešteno njeno
